Petrocchi Testifies In Second Cop Hearing

Clapping, laughter and angry debate marked the opening session of the civil service board of review hearing Friday on firing of Daly City police inspector David Johnstone Jr.

Johnstone's attorney, John J. Fahey Jr., devoted 2½ hours of the 3½ hour hearing to cross-examining City Manager Howard Stites over his reason's for firing Johnstone, a 10-year-veteran of the local force. More than 150 persons jammed the chambers, clapping and laughing at intervals when Fahey won a point.

Friday's hearing was continued to tonight (Thursday). Daly City council members and District Attorney Investigator A. L. Lampport are scheduled to appear as additional witnesses. Fahey asked that all six men be subpoenaed this week.

Lampport aided the local police department in recent bookmaking investigations.

Despite the fact that six new witnesses were subpoenaed for last night's hearing because of time limitations, only the district attorney, Chief Petrocchi and Johnstone were expected to testify, in that order.

Stites, who had prepared official charges relating to Johnstone "associated with known gamblers" and "failed to report investigations to his superior officers," reiterated the reasons for the dismissal throughout his long ordeal on the witness stand Friday night.

Sorenson Takes Stand

Highlight of the evening's testimony, however, came in the closing minutes of the hearing when District Attorney Keith Sorenson said that Johnstone delayed investigation of a suspected book-making operation at 6207 Mission street for "five or six days" after receipt of a letter from the Pacific Telephone & Telegraph company warning that the volume of telephone calls indicated illegal use of the phones.

Sorenson said owner of the establishment, Dino Donati, was one of Johnstone's "best friends."

Events leading up to Johnstone's firing were related as follows by the district attorney:

"In mid-April information was gained that bookmaking operations were on the increase in Daly City. The chief (Roland Petrocchi) asked if he could meet with me on the problem.

"After one raid at a Mission street address about April 15 had failed, I received information from a confidential informant that bookmaking and illegal gambling were in progress at 6207 Mission street.

Check It Out

"I had my staff convey to the chief the information and we arranged to check it out that day. (April 18.)

"Myself and A. L. Lampport went to Daly City police station and Johnstone was there. We discussed the establishment at 6207

Mission street and the physical set-up of the building.

"Johnstone said he knew the physical set-up of the building and told us he had been in there at 4 p.m. that afternoon to check the phones. When we expressed

CITY BUDGET IS UNDER MILLION

The city council in two special budget meetings last night cut about \$30,000 from City Manager Howard Stites' proposed budget of \$970,334. The city manager said today that the cut was made in order to keep the present tax rate, \$1.43 per \$100.

A combined city department proposed budget came to a whopping \$1,123,355. Stites said that another special budget meeting to which department heads will be invited is in the offing.

The council must find a way to provide from \$75,000 to \$100,000 for capital improvements. The city manager is now preparing a report listing the most important of these.

The new budget will take into

account the addition of two new city departments, engineering and auditing. Stites asks that the engineering department be allowed \$43,990 and the auditing department, \$1500.

Biggest request for monies came from the fire department, which asked a total of \$211,341, an increase of almost \$127,000 over last year. Stites cut the fire department request to \$115,851, and it is expected that the council will cut it still further.

Fire Chief Elmer Kennedy said today that he had requested the large amount in order to obtain a reserve for the purchase of new equipment.

The recreation department's budget recommendation by both the department and Stites was \$26,399, lower by \$3,571 than last year's budget. The department, however, had spent \$30,845 in nine months time.

The department of public works asked \$228,600, while last year's budget was only \$113,082. Stites cut the request to \$183,890.

Police asked \$191,467. Stites lowered the figure to \$173,975 and the council is expected to cut the request still further. Among the cuts is a car for Police Chief Roland Petrocchi.

Traffic control request was upped by Stites from \$7900 to \$10,600, while the Pound proposal was cut from \$7218 to \$5550.

Despite recent statements by city officials that the civil defense budget would be increased, a \$1000 allocation remained the same.

City advertising budget was cut \$1500 from last year's figure of \$2500, while the Chamber of Commerce's allocation was upped \$500 from a \$1000 figure of last year.

NON-CLASSROOM TEACHERS GET 10% PAY BOOST

Non-classroom employees of the Jefferson Elementary school district were granted salary increases amounting to 10 per cent Wednesday night by the board of trustees.

The nine principals and coordinators will receive an 11 per cent increase, as will the five special subject coordinators. Under the new schedule, lowest salary, respectively, for each of the two groups, will be \$6445 and \$5260, with highs of \$7430 and \$7320.

Special teachers will receive a seven per cent increase, while vice principals and teaching principals will be granted an overall increase of eight per cent.

The salary increases will add an estimated \$11,000 to the budget needs.

WESTLAKE SCHOOL CHILD'S MOTHER SUES FOR \$10,000

The mother of a seven-year-old Westlake school girl asked \$10,000 damages this week for injuries her daughter allegedly suffered because of lack of proper supervision on the school playground.

Named as defendants are the Jefferson Elementary school district, San Mateo county, the board of education and Miss Elizabeth Kennedy, principal of Westlake school.

Notice of the charges was handed to the school board at last night's (Wednesday) regular meeting. The board voted to deny all charges and to refer the matter to the district's insurance company.

Mother of the child, Mrs. Isabelle Kesler of 1295 South Mayfair avenue, claimed that her daughter, Pamela, suffered broken front teeth as a result of an incident on April 21 of this year. She claims that Pamela's teeth may have to be removed as a result of the accident.

According to Mrs. Kesler, Pamela was "assaulted by a boy." A more complete explanation, read from the school nurse's report by Supt. of Schools H. Z. Weibel, stated that the boy named in the charge was swinging Pamela around when he was tickled by another boy and Pamela was dropped to the ground.

"Inadequate, improper and insufficient care" are given as Mrs. Kesler's reasons for her suit. She states that there was "only one supervisor and no teacher in the yard at the time of the accident."

"There are never less than three teachers in the schoolyard," Miss Kennedy protested.

The charges continue that the defendants had been informed of the inadequate supervision before the incident and had done nothing to remedy the situation.

Mrs. Kesler also claims that she has been informed since the accident that there have been a "great number of accidents and injuries" on the school grounds.

Meeting with Northgate Transit Co. owners Wednesday night, a citizens transportation committee tentatively approved a temporary jitney route which is scheduled to start here July 1.

Councilmen will meet and adopt the proposal, with some revisions, at their meeting Monday night.

The jitneys, or limousines as they were referred to Monday, will operate on a 15-cent fare for a 90-day trial period, after which the city will determine if this fare offers them an adequate return on their investment.

Measles Held Cause of Death For DC Infant

A seven-month-old baby died yesterday (Wednesday) at Junipero Serra hospital from complications which developed from a case of measles.

Dead is Dennis Ainsworth, third child of Mr. and Mrs. Thomas Ainsworth of 62 San Pedro road.

A frantic baby sitter at the Ainsworth home called police at 9:40 a.m. The baby was rushed to the hospital by police ambulance.

Dr. Harold D. Chope, county health department head, said today that a public health nurse had visited the Ainsworth home a day prior to Dennis' death. He noted, however, that the nurse had been more concerned over the baby's brother and sister, who also have the measles.

An hour after Dennis arrived at the hospital police received a call that the infant was "in danger of dying." Neither parent could be found.

Police finally located the father, a truck driver, at a furniture company in San Francisco. He told officers that he thought his wife was on a Greyhound bus heading toward San Francisco.

Lieutenant Roy Beecher checked Greyhound to no avail, so, on a hunch, contacted relatives of Mrs. Ainsworth in Daly City. Mrs. Ainsworth was located at her mother's house on Woodrow street.

Both parents reached the hospital before their son died at 12 noon.

Funeral services will be held Friday, June 24, at 10 a.m. from W. C. Lasswell & company. Interment will follow at Olivet Memorial Park.

The two other Ainsworth children are Thomas, 8, and Thelma, 3.

The citizens committee approved a list of 10 recommendations that would govern the jitneys' operation. They were:

1. Formation of a corporation. 2. Adequate insurance. 3. City license for drivers, including photos of each driver and health examination. 4. Fixed routes. 5. Fixed hours of running time. 6. A maximum fare of 20 cents, preferably 15 cents. 7. Vehicle inspection once a week. 8. Method of identification for the jitneys. 9. Uniform and cap for drivers. 10. Notice posted in each vehicle informing riders where to phone their complaints.

O'Leary said his group was in agreement with all the recommendations, although they felt once-a-month vehicle inspection were adequate.

However, he said, his group would submit to the weekly inspections if the city would make the necessary arrangements for the checks.

Roy Passafiume, another jitney representative, said his company had not yet filed application with the PUC, but expected to do so in the near future.

Two routes were presented by the jitneys, one a temporary one which did not include Broadmoor, and a permanent route which would cover the unincorporated fringe areas of Daly City.

Give Route

The temporary route was presented by the company as follows:

Start at Mission and Templeton, up Templeton to Brunswick, over Brunswick to Hillside boulevard, south on Hillside to Price street, west to Mission street, west to School street down to Junipero Serra, west on 87th street, to Maddux drive, north on Maddux to Fairlawn, west on Fairlawn to South Mayfair, east on South Mayfair to Alemany, east on Alemany to Junipero Serra, east on Knowles to Santa Barbara avenue, north to Hillcrest, then up Hillcrest to Mission and starting point.

Paul O'Leary, representative of the Northgate Transit Co., said the jitneys would operate in both directions on the route from 6:30 a.m. to 8 p.m. seven days a week.

No Broadmoor Service

No pick-up or discharge of passengers would be made in the unincorporated area between Junipero Serra and School street and Fairlawn in Westlake.

City Manager Howard Stites said a temporary route was necessary pending state public utilities commission sanction of the Northgate Transit Co.'s operation. Upon acquisition of a certificate to operate, Stites said, the jitneys could also serve the unincorporated areas. Stites said securing of PUC sanction could take anywhere from 30 days to six months.

DA Says He'll File Charges Against Fahey

The cold war between Attorney John J. Fahey, Jr. and District Attorney Keith Sorenson flared into open battle this week with Fahey's statement at the David Johnstone public hearing Friday night that he had heard Sorenson was accepting pay-offs from an abortion mill.

Fahey has denied the district attorney's interpretation of the statement.

"I was not insinuating that Sorenson was guilty of taking pay-offs but only trying to point out the danger of hearsay evidence," the attorney declared.

Sorenson, however, said today that he would not only submit a report of the incident to the County Bar association, but would ask that Fahey be summoned before the county grand jury.

Declines Invitation

The district attorney had originally intended to call Fahey to his office but gave up the idea when Fahey said he would not appear.

"Sorenson has no right to summon me to his office," Fahey declared. "If he wants to see me he knows where my office is."

The district attorney will take action sometime this week after he has an opportunity to review a transcript of Friday night's hearing by the court reporter, he said.

"I want to make sure that I submit completely accurate reports," Sorenson explained.

Fahey, in regard to the two reports to be submitted by Sorenson, said that he would "welcome the opportunity" to appear before the two groups.

"Own Observations"

"It will give me an opportunity to make some of my own observations on the district attorney," Fahey added.

The disputed statement was made in the last few minutes of the Civil Service Board of Review hearing in which Johnstone

Parents Claim Son Got First Drink At Teen-Age Dance

A full-scale police investigation took place this week following a complaint by a Daly City couple that their son, a 15-year-old Jefferson High school student, had taken his first drink at the Misbehaven Teen club dance Saturday night.

The dance, attended by about 300 youngsters and sponsored by the recreation department, was held at the War Memorial building on Mission street.

"Auxiliary Cops Again"

"I think it will be necessary to employ auxiliary officers again," Mason declared.

City Manager Howard Stites, when asked his opinion, said today that there should be at least one adult present for every hundred children.

"If it is necessary to employ auxiliary officers, I don't think the men should be in uniform," Stites declared. "I feel that it would be bad psychology and would only serve to remind the

JOHN FAHEY, attorney for ousted cop DAVID JOHNSTONE, wanted to subpoena Mayor JOSEPH VERDUCCI to testify for last night's hearing, but couldn't find out where the mayor was vacationing.

Nobody, but nobody, seemed to know where hizzoner had gone for his summer sojourn.

RAYDENE DUNN, attractive secretary to the council and commissions since September, 1954, is putting in her last day on the job today.

Her husband, an Army sergeant received orders Tuesday to report for duty July 7 in Alabama, where he will train to become a helicopter pilot.

Raydene can't be accused of slouching on her last days on the job. What with all the current city business, she had to cover lengthy hearings both Wednesday and Thursday nights.

The midnight oil was evident two nights last week when lights were seen at city hall until 1 a.m. as the city fathers toiled on next year's money matters.

Word will come any day now from the state public utilities commission that water rates in Broadmoor will take a 15 to 20 per cent upward hike.

As predicted, young DAVID STEWARD of Westlake is again starting the snow ball rolling on his second parade, which he vows will be "bigger 'n better" than last year's.

He was seen consulting with JACK KENDREE of the Doelger Co. Friday, which means that David is already enlisting recruits and sponsors for his big marching celebration.

An Honest Approach To Buying An Automobile

BY

Carl Carlson

New Owner Of IMPERIAL MOTORS
1900 - 19th Avenue
Oldest Neighborhood
Chrysler-Plymouth Dealer
In San Francisco

How Much Horsepower Do You Need?

What you need in the way of power depends entirely on your transportation needs. Don't buy a car on horsepower alone. In our Chrysler and Plymouth lines we have a wide range of cars with horsepower ranging from 117 to 300 horsepower. Each car is designed to fill different motoring needs and the horsepower of each varies with the need. May we discuss horsepower with you?

How Much Does High Horsepower Cost You?

There is naturally some price differences in the varying range of horsepowers we offer. In operations there are some differences, too. For example, it costs less for Junior to walk to school than to be driven. By the same token, it costs more to drive to the corner grocer in a 300 HP car than in a 117 HP car. We can explain this all to you as well.

Does High Horsepower Mean Greater Speed?

This gets to be an academic question, because even in our 117 HP Plymouth, you can drive faster than we would like to see any of our neighbors drive. For people who drive a lot on the open highway, the higher horsepower of the Chryslers is a great safety factor, as you can get a sudden rush of power to pull out of tight spots. But here again, this is also related to the horsepower factor, because this determines what use of the power you can make in emergencies like this. We will be happy to explain this question, too. Remember, every one of our cars has a price tag on it showing all costs, listed one by one.

We Are Ready To Answer Any Automotive Question

Actually, it may be old fashioned, but we think most people like to buy a car on its merits. Dazzling promises of super trade-ins, other gimmicks, may sound alluring, but after all, when you buy a car you are making a substantial investment. We think it is our job to make sure that every customer knows what he is buying when he buys a new Chrysler or Plymouth from us. And whether you buy from us or not, we are always ready to answer your questions. In fact, before you deal on a new car, check with us on the facts. There is no obligation.

We Back Up Our Automotive Knowledge

Remember, we can't afford to be glib with our answers. While factories only guarantee any new car for 90 days, or 4,000 miles, we extend the factory warranty for a full year or 12,000 miles. Also we will give you 12 free lubrications with each new car.

Petrocchi Testifies At Second Hearing

(Continued from Page 1)

surprise over his investigating the phones, he said he had received a letter from the telephone company to check on the number of phones there. He was given the letter to check out by the chief and said there was no evidence of illegal activity.

"At this time it appeared useless to investigate the place, but we checked it out anyway, understanding that the place had been in operation up to the previous Sunday.

Donati Met Us

"Donati met us at that door and we investigated the upstairs. There were two phones behind a recently constructed partition similar to a bookmaking set-up.

"It was my conclusion that the place was set up for illegal activity.

"The following day I called Petrocchi about the phone company letter. I knew Johnstone was a close friend of Donati's and I knew Donati had been subject to many investigations by the Daly City police department and myself. Donati even admitted to me that he was an ex-bookie."

"That's a lie!" shouted Donati, leaping to his feet. "What are you trying to do, crucify me? You've been tossing my name around like a rubber ball."

Discussed Problem

Sorenson continued, "I discussed this relationship between Johnstone and Donati with the chief and we agreed a personnel problem existed—having Johnstone investigate a felony bookmaking charge on his own friend. The other investigations being conducted by Johnstone were also connected, I felt.

"One of the other places was closely connected with Donati in a business capacity. Sorenson then told of Johnstone's request to meet with him to tell the district attorney 'The complete story on the Donati investigation.'

Admits Getting Letter

Sorenson said Johnstone admitted getting the phone company's letter five or six days prior to entering the establishment. "He said 'Soon as I got the letter I went there, but it was locked. If the doors were locked, I couldn't very well investigate it,'" the district attorney quoted Johnstone.

"He told me he had located Donati the following Monday and they went across to investigate the place. I asked him if he had any contact with Donati prior to that time and after receiving the letter and he told me he couldn't remember," the district attorney said.

"I asked his relationship with Donati, and he said he was a 'good friend' and was for many years. He said he was guilty of associating with him and agreed it was wrong."

Previous Activity

"I also asked him about previous illegal activity in Donati's pool hall across the street from 6207 Mission. He said 'yes,' he had heard rumors to that effect but didn't know if it was true.

"I asked if he reported these rumors to his superiors, and he said he hadn't." According to the district attorney, Johnstone had answered, "I only do what I'm assigned to do."

"Had Johnstone received any orders about the impending raid on April 18?" asked civil service board chairman Harry Bosberry. "I was advised he had not received any information," Sorenson answered.

Fahey then snapped, "Then he had no knowledge of the raid." "Not of my knowledge," the district attorney replied.

"And Dino Donati, he was under investigation by your office and Daly City police," Fahey said to Sorenson.

"Yes," the district attorney answered.

"And was he also under investigation by the sheriff's office?" Fahey continued.

Sorenson said, "Yes, within the last year or two."

"Never Investigated"

The defense attorney fired back, "I talked to the sheriff to-day and he said he never had investigated Donati."

"He yanked pinball machines that Donati had put in," Sorenson retorted.

"Can you tell me anything illegal done by Donati at any time?" Fahey fired back.

"Yes," the district attorney answered. "He put in pinball machine installations without permit of the county board and he used another man's name when applying for a phone at 6207 Mission street. He also approached a person to lease a phone for illegal use."

"Is suspicion of crime a crime?" Fahey countered. Sorenson said it wasn't.

"Never Prosecuted?" "You have never prosecuted Mr. Donati," Fahey continued.

"No, I haven't had enough evidence," Sorenson admitted.

At this point Donati, who was seated near the witness chair with his attorney Thomas Jenkins, swore and stomped loudly

out of the room. "You're basing this on hearsay then?" Fahey charged. "He admitted he was an ex-bookie. It's not all hearsay," Sorenson replied.

Fahey then rocked the chambers with the statement, "I am informed there's been a big abortion mill in this county two years and you have taken a payoff to allow it to keep running."

Pandemonium broke loose in the audience and Bosberry sounded the gavel, ordering Fahey's question to be stricken from the record.

"Because I hear this doesn't make it the truth," Fahey went on.

Tell Attorney General

"If you knew I did this you should tell the attorney general. As a duly appointed officer of the courts you would be derelict in your duty not to report this," Sorenson retorted.

"I report hearsay to no one," roared Fahey.

Throughout the testimony, as the name of Donati was mentioned, his attorney Jenkins rose repeatedly to protest. "I object to the impairment of character of my client." At opening of the session he said, "I do not recognize the authority of this board to subpoena Donati and it is imperative that his name not be maligned—this is not a judicial proceeding."

He threatened civil damage suits against parties connecting Donati in any way with illegal activity.

In his marathon questioning of Stites, Fahey's strategy appeared to be that of irking the city manager.

"Without Right"

Fahey claimed at the outset of the hearing the Johnstone's firing was "without right or justification—totally illegal and invalid" and that Stites failed to comply with a city ordinance by not presenting the inspector with a written statement of the charges against him within three days.

Fahey maintained that his dismissal had taken place May 20, while Stites said the firing went into effect May 23 and the written charges were received within three days after that.

Fahey also took issue with the fact that Stites said the Johnstone case developed after an article in a metropolitan newspaper to the effect that bookmaking was on the increase here.

Commenting on the mention of the newspaper article in Stites' testimony, Fahey said, "I object! This is incompetent, irrelevant and immaterial and has no bearing on the case."

Asks Addresses

Fahey demanded that Stites give the addresses where raids on bookies had failed, despite objections of Jenkins.

Stites said raids were made at 6207 Mission street, 189 Crestwood drive and 80 Lynnewood drive.

City Attorney Frank Blum represented the city but did not examine either of the witnesses.

The hearing will resume again tomorrow (Thursday) at the city hall, starting at 7:30 p.m., with Sorenson scheduled to take the stand again. Of eight witnesses subpoenaed, only Stites completed his testimony, and the hearing is expected to stretch out over three or four sessions.

kids that we don't trust them."

The city manager continued that the question of whether or not the men should wear uniforms would come under the domain of the recreation commission.

The problem was brought to light Sunday when the parents brought their son to the police department. They told officers that he had been ill Saturday night as a result of drinking.

Police Officer Art Linhares, who conducted the investigation, said that the boy and two companions told him that the liquor had been obtained from six Balboa High school boys in the men's washroom.

The boy's mother, when contacted by THE RECORD today, declared that she only wanted to insure "more supervision" at teen-age dances.

She explained that her son had returned from the dance shortly after 10 p.m.

"His face was deathly pale and I could tell he had been sick," the mother continued.

She said that her son would give her no information as to where he had obtained the liquor. She added, however, that one of the boy's companions had told her that "half of the boys at the dance were half-loaded."

"I fully realize that the incident was as much my son's fault as anyone's, but I definitely feel there should be more supervision," she exclaimed.

WHAT'S DOING

"Tool chest on wheels"—part of good telephone service

You've probably seen construction trucks like this around town from time to time. But chances are you've never realized how many different things are packed into them. As you can see, we've included every item that could possibly help our construction crews work more rapidly, safely, and efficiently. And, of course, these men have had the very best training possible. Providing good tools for people who know their jobs is part of the A-to-Z planning behind your telephone and all others here in town... in order to keep your service fast and dependable. Pacific Telephone works to make your telephone a bigger value every day.

It's easy to extend telephone convenience to any part of your home

Just think how handy it would be to have a telephone in each room you use a lot. In the living room, kitchen, and a bedroom, for instance. With an up-to-date arrangement like this, there's always a telephone nearby when you want it. No more running to answer or make a call. Cost? Less than a nickel a day for each additional telephone. And if you like, one or more of your extensions can be in color. Either way, it takes only a couple of minutes to order. Just call our business office.

RESEARCH GROUP VISITS BUILDING

The executives of the California Research Laboratories of Richmond and their wives were guests of Pacific Telephone at the 3333 25th Street building in San Francisco recently.

They were taken on a conducted tour which included the Message Unit Accounting Center and the many switchboards in the building. Host for the evening was Roy N. Buell, Division Manager of San Francisco.

The Research Institute performs functions for the Standard Oil Company similar to the performance by the Bell Laboratories for the Bell System.

Observant Passerby May Solve Local Burglary

An observant passerby who noted that a youth going into a San Francisco phone booth was wearing a gun may solve a recent Daly City burglary.

San Francisco police were called to the scene by the passerby, Saturday, and the youth was arrested. At the police station it was discovered that the gun had been stolen in a recent burglary here.

The arrest of Frank Valesquez, 2514 Folsom street, San Francisco, led to the later arrest by local police of Thomas Harrington, 245 Guerrero street, San Francisco.

The two youths admitted to a burglary at the home of Miss Valerie Hicks and her brother, John P. Bayer, at 248 Bellevue avenue, police said.

Miss Hicks claims that over \$2000 of loot, mostly jewelry, was stolen on June 13.

The youths were held to answer today (Thursday) in Municipal court. The case will be certified to Superior court.

California's commercial fishing season runs from April through March 31.

to serve Broadmoor now, but that Transit Co. would like to be able to do so until the PUC permit was granted.

New No. 76 Route

Jack Kendree, representative of Henry Doelger Builder, Inc., told the citizens group that his firm had submitted a new proposal to San Francisco municipal railway for extension of the subsidy agreement on the No. 76 bus, which has been operating under a new route underwritten by Doelger the past six weeks. The agreement ends next Friday.

Under the new proposal, Kendree said, the No. 76 would again include Broadmoor, which has been circumvented under the route adopted in May. This will assist Broadmoor for the time being, Kendree pointed out.

He said Doelger expected an answer today (Friday) from Muni on his request for a six-months subsidy agreement under the revised route.

At the close of the meeting, Stites called on the citizens to meet again at a later date and scrutinize the jitney operation.

THE AUDIENCE IS NOT A JURY

Friday's hearing on the firing of a Daly City police inspector was a poignant example of how such a quasi-judicial proceeding should not be conducted.

While the chairman of the hearing handled himself admirably, the defense attorney took advantage of the absence of a judge to berate, intimidate and otherwise taunt his witnesses in a pointless manner that in no way reflected the high calling of his profession.

Interference with justice is the furthest from our intent, but it was obvious to even laymen that the defense counsel's attack was not for the purposes of inquiry, but to embarrass the witness for purposes of swaying a highly partisan audience.

In this public hearing the ostensible purpose was to gain the facts. In 45 minutes of interrogation at one point during Friday's session the defense attorney belabored one witness in a bit of verbal display which for the purpose of information netted nothing that the attorney had not known at the outset.

We take nothing from the abilities of the defense attorney as a legal master, but we hope his histrionics are distilled down to the essential facts by the board of review.

The audience is not a jury.

MORNING COFFEE is enjoyed the Howard Stites family here in Daly City's new city manager reports to work at the city.

Stites. Another daughter, Marthalou, is in Wisconsin and will be married this summer. The family is living in an apartment while they wait for their new home on Northgate court to be completed.

Mrs. Stites, Shirley and Hal only recently joined the city manager here in Daly City and are still living out of boxes as more than half their possessions are in storage.

MANAGER STITES' FAMILY SAYS THEY LIKE "FRIENDLY" DALY CITY

A very friendly city is the unanimous decision of the Howard Stites family.

The new city manager's wife and the youngest children only just joined the Stites family here in Daly City. The family are now living in an apartment at 178 Crestwood drive while they wait for their new home on Northgate court to be completed.

Mrs. Stites, Shirley Ann, and Hal have only one complaint about the city manager's new job. They don't get much of a chance to see him.

"But we're used to it," Mrs. Stites laughed.

Mrs. and Mr. Stites were married in 1927 a few years after meeting at the University of California at Los Angeles. Mrs. Stites is in her junior year and studying towards her degree in Library Science when she was first introduced to the civil engineering major who was later to become her husband.

"Couple Of Dances" After completing her course at CLA Mrs. Stites went to the Berkeley campus where, she recalls, the young engineer invited her to attend "a couple of dances."

Shortly thereafter the couple were married, and they moved to Berkeley where Stites became the city engineer. In 1929 he took over the combined posts of city engineer and manager.

In Burbank Mrs. Stites began her active civic work which she has continued ever since. She has held numerous offices in organizations such as the Girl Scout council, Panhellenic, Delta Zeta sorority alumnae, and other women's and youth clubs.

In 1932 Mr. and Mrs. Stites became parents of their first child, Marthalou, who is now doing research at the University of Wisconsin. The eldest Stites daughter is a graduate of ULA with a degree in botany research.

Plans Wedding Marthalou worked for the Atomic Energy commission before taking her present job. She will be married on August 25 in Pasadena.

The Stites' second daughter, Shirley Ann, was born in 1937. She plans to begin her sophomore year at San Francisco State college this September.

When asked her main interest, Shirley replied, "music and animals."

Shirley is a music education major and her ambition is to someday have her own mixed choir. This summer she will gain experience as music counselor at a Girl Scout camp.

"Shirley's talent for playing the piano by ear is inherited from her father," Mrs. Stites explained.

Shirley agreed that her father has a "wonderful ear," but sadly expressed the fact that he is "untrained."

The other interest of the Stites' second daughter is shown in her horseback riding and interest in the family's dog, "Perry," a German short-haired pointer. "Perry" won numerous first prizes in shows until he recently retired because of a broken rib.

Hal, who was born in 1942, is the youngest of the Stites family. He will enter Colma school in the eighth grade in September.

The boy, who, his mother proudly reports has sprouted six inches in the past school year, wants to be a naval architect or a highway engineer. He has pinned his hopes on attending Annapolis.

At the present, however, Hal is interested mainly in his electric train hobby, hunting, fishing and Boy Scouts.

When asked if his father played with his trains, Hal replied, "That's why we got them in the first place."

Hal evidently enjoys a close comradeship with his father. The pair not only go on hunting and fishing trips together, but Hal helps his father in the workshop and garden.

The Senior Stites is a well-known orchid enthusiast and has developed many new varieties of the flower. Mrs. Stites explained that her husband has also made much of the furniture for their home, besides being an expert photographer.

Daly City can well be proud of one of Daly City's newest families.

TV and Radio

By Mona Baker

PERSONALITY SKETCH . . . "Getting up at 4 a.m. is not hard" thoughtfully spoke debonair Dave Garraway. "It is just miserable." The famous NBC star of "Today" (KRON - TV, Monday through Friday, 7 a.m.) NBC Radio's "Monitor" (KNBC, weekends) and "Friday with Garraway" (KNBC, 9 p.m.) was guest of honor at a luncheon held at the Sheraton-Palace hotel. He had flown in the day before from New York to set the scene for the opening day of the commemorative sessions of the United Nations with his early morning telecast from the San Francisco Opera House.

Describing himself as among those who are convinced that "television isn't here to stay, and radio, either, for that matter" . . . the soft spoken television personality completely captivated the assembled group, as he has his millions of viewers, by his quiet, straightforward manner of speaking, and his subtle sense of humor.

As relaxed and casual as he is on his program, he explained the format of his show which he considers to be a current events program. He said that he endeavors to make the show the sort of program that one can listen to without watching. Then if there is something he would like his audience to see, he calls them to come and look. What he wants to be to his viewers, Dave said, is a "friend around the house." He explained that many of his fan letters are from single people, and being somewhat lonely in the morning, they turn on their television set, and there he is keeping them company in a quiet, friendly way.

However, the program is far from being a simple production. To produce the program a staff of 85 full time and approximately 200 part-time employees are required.

Talking about J. Fred Muggs, the show's starring chimpanzee, he explained how he came to be featured on the program. From the very beginning they had considered having an animal of some sort . . . possibly a dog carrying the news dispatches in his mouth.

One of the producers of the show happened to be in the elevator one day, and there was Muggs with his trainer.

Between the first and fourth floor, it was agreed that the chimpanzee would be on the program starting at a salary of \$20 a week. He now makes around \$750 a week.

Possibly his success has turned his head because he sometimes misbehaves . . . particularly when he knows he can get away with it. Familiar with the cameras, Muggs knows that when the light is red the camera is on him, and that is the time he chooses to do just as he pleases, because he knows he won't be punished in front of the viewing audience.

Discussing San Francisco, Dave said that while he was in the Navy he spent a year here waiting for his ship to be built, and as with everyone else who visits this area, he admitted "that no one can live in San Francisco without falling in love with it."

And the luncheon ended as it had begun . . . in a quiet restful way. "I have," concluded Dave Garraway, "a strange feeling that we have come to the end."

Local Woman Discovers \$350 Worth Of Jewelry Missing From Her Home

A total of \$350 worth of jewelry was discovered missing from the home of Mrs. Henry Seagalas, 240 Whittier street, on Friday.

The victim of the burglary told officers that the jewelry might have been stolen anytime during the previous ten days. She said that she had noticed a screen on the kitchen window was loose, but did not discover the theft until she opened her jewelry box on Friday.

Missing are two watches, two rings and three pair of cuff links.

A large collection of early California mementos is housed in Pioneer Hall of the California Historical Society at San Francisco.

We weren't too conscious of the musical score except that every so often someone bursts into song. Quite unnecessarily.

"Beauty and the Bull" is a technical short about Betty Ford, a young girl who recently took up the rather unyoung-girlish job of bull fighting. The cartoon is Warner Bros. "Pepe le Pew in 'Cat's Bah.'" In case you have not yet met Pepe, be prepared for a certain resemblance between him and a French actor who made the Casbah a household word.

Village Notes

By Gwin Mitchell

Now is the Just-Before-School-Closes time when everybody seems to be doing everything in the way of final get-togethers of some sort or another. Not the least of these was the very pleasant afternoon that certain of the Village parents spent in Jean Cyr's Sullivan Street home, enjoying the recital given by Jean's piano pupils. Stuart Brown, Linda Patience Maite, Barbara Golladay, Susan Damon, Pamela Effenbeck, Caren Hawkins, Michael Hoffman and Jed and Janet Cyr were the featured soloists.

Another Big Doing was the 8th grade party at Colma School, with a real orchestra and a "night in the orient" motif in the decorations. Class members from our Villages who had a very enchanted evening were Nancy Redford, Gary Cowden, Karen Kraus, Carol Weibel, Carolyn Bordegaray, Colleen Brugge, Susan Damon, Jed Cyr, Natalie Neff, Linda Masterson, Arline Hansen, Billy Krueger, Betty McCann, Ricky Gomez and Marilyn Marshall.

Everybody, from the nursery three year olds to the high school group, had a part to play in the Promotion Sunday School exercises at the Broadmoor Presbyterian church recently. The church was crowded with interested parents and friends, who heard the children sing and recite some of the songs and psalms they had learned during the year, and many a Village home had at least one promotion certificate proudly displayed!

Something new in the way of news—a pajama party! Hostess Paulette Kelling and guests Judy Logan, Myrna Kelsos, Marlene Carlson, Kay Rice and Robin Frisch had a big time for themselves, with games, a wiener roast and a marshmallow roast keeping them busy. Wonder how much sleep they got (and Paulette's family), especially when they slept three to a bed? Anyway, a big breakfast the next day would things up in fine style, and everybody went home happy, with Louvaine Drive none the worse for wear!

Speaking of Louvaine, congratulations to Gracia Krueger, who is now neighborhood chairman of all the Girl Scout and Brownie Troops in the Broadmoor-Colma area. Busy day, busy day!

Tom Gonzales, well known to the young men in Cub 259, and wife Irene entertained Tom's sister and brother-in-law, Mr. and Mrs. Tony Quintana, for a week's visit, their first to the Bay Area. Like nearly everybody, they loved it, and made the Gonzales 87th street home a takeoff point for many a sightseeing trip. The Quintanas brought along their three children, who will have a fine time telling their friends back home in Green River, Wyoming, all about their trip.

Beechwood had a distinctly western air about it the other day when Kirk Whitehead celebrated his sixth birthday with a cowboy party, no less. Michael and Stephen O'Brien, Sally Plummer, David and Bill Rogers, Marie and Pat Morris, and Kevin Whitehead rode herd on the ice cream and cake, and rounded up an afternoon's fun complete with all the trimmings.

Gentle Reminder: When you make your plans for this summer, don't forget that there is one big summer event right here at home—the annual dance given by the Village Play school, our area's co-operative nursery school. This year it will be on August 13, so make a note.

Nomination for the busiest person we've heard of lately: Corinne Bryce. She and Mike gave a dinner party for those who had participated in the programs for the year of the Women's Faculty club, of which Corinne was program chairman. Co-chairman and co-hostess was Mrs. Don Castleberry; she and Dr. Castleberry are former Garden Village residents. Guests at the dinner were Dr. J. Paul Leonard, president of San Francisco State college, and Mrs. Leonard, Dr. and Mrs. Rex Bell, Dr. and Mrs. John Bergtesser, Dr. and Mrs. Leo Cain, Dr. and Mrs. Han Lingren. The week after the dinner, Corinne served breakfast to 20 members of Mayo's secondary art education class at her Garden Lane home, then began the work that goes with going-away-for-the-summer. The whole Bryce family will be in Stockton, where Mayo will teach art education at C.O.P. And in case you've noticed that very swish new brown Ford station wagon flying around, that's the newest member of the Bryce family!

Berta and Ed Macklin and Claire and Ed Liska spent a restful away-from-it-all weekend at the Ahwahnee Hotel in Yosemite not too long ago. Both couples had anniversaries to celebrate—the 7th for the Macklins, the 13th for the Liskas—and that was ample excuse to have a weekend off. Couldn't have picked a better place!

Speaking of weekends off, Dee Cowan, Pat Surges, Mody Williams, Barbara Lambson and Betty Cooper went on their third annual "outing," going this year to the Sonoma Mission Inn. Word has it that what with all the service, and no housework, and the wonderful swimming pool, etc., etc., it was very hard to come back into the old routine. Guess it would be, at that!

We'd like to say a very special Happy Birthday to Peg Elliot, one of Bradley Drive's busy mothers. It'll be a little late when she reads this, but the wish is still strong.

The O'Briens, one of the FFB (First Families of Beechwood) group, will be ex-Broadmoorites shortly. Stephen has been transferred to Ukiah, and he and Barbara are beginning the planning and wondering which goes with moving three active boys and six years' accumulation of belongings, plus selling the house and finding a new one, etc. Always something!

There'll be many a friend and neighbor who will be sorry to see them go, but we know Broadway and Hollywood better look to their laurels, because Mrs. Geiger's second grade at Benjamin Franklin School gave them quite some competition just before school closed. The class put together, acted, and made paper costumes for a play which they performed for other classes at the school, and for several very Proud Mothers! The play concerned 2 children from Mexico who came to Benjamin Franklin School to find out what made a teacher and her class so strong and healthy, and by listening to a teacher and her class, they learned that it was good breakfasts, good habits and eating the proper foods that were the main reasons. The actors were letter perfect in their lines and expression, and the whole thing was one of the cutest and cleverest plays we've seen. Some of the children represented various foods, and wore paper costumes representing eggs, vegetables, fruit, bread and butter, and so on, and told, in verse, why they were good foods to eat. We particularly remembered "The Bottle Brothers," two bottles of milk!

Speaking of the dramatic arts, any of you with learnings in that direction might be glad to know that a new drama group is starting, for amateurs only! It meets Thursday nights at the Elm Court Recreation Center in South San Francisco, and has been named the Village Playhouse. What it needs most right now are members, particularly some of the Leading Man sort, so if anyone wants to act, or do make-up, lighting, costumes, scenery, prompting or anything else to do with the stage, call Dee Cowan at PL 5-7247 or Pat Surges at PL 5-3228. You would be letting yourself in for a lot of fun with a good group, and who knows what budding Hamlets and Ophelias are yet undiscovered in our fair Villages?

Our own Nancy Mitchell became a young lady of three recently, and shared birthday party honors with Eddie Box, also three. The party was an early lunch sort, for the don't-go-to-school-yet crowd. Guests were Jimmy Helmer, Chrissie Mitchell, Doug and Lee Ann Schuler, Cathy and Pat Meade, and Margaret Box. Two of the kindergarten brothers, Clifford Box and Donny Mitchell, managed to get half a party apiece by coming home and going to school at the right times! What with balloons and a clown cake and lollipop favors, everybody had a fine time, including the mothers, who were invited too!

Oldtimer Votes To Keep Present Name; Daly City

Dear Editor: Why change the name? I am an oldtimer and have voted to have this town called Daly City.

We used to have a bill board slogan saying Daly City is a good place to live. Due to circumstances I moved away about 25 years ago. I moved back about a year ago and I am happy to say I live in Daly City—a good place to live.

We were pioneers here and came out in 1910. (Name withheld on request)

Two For Tonight

By Leonore Brewer

Last April we cut a little squib out of one of the dailies, which in turn was quoting a trade paper, to the effect that "there are fewer people going to movies in the U.S. today than at any time in the past 35 to 40 years." Well, you'd never know it should you drop into the Bridge where the latest Alec Guinness film, "To Paris With Love," is packing them in.

Guinness as a Scotch baronet who takes his 20-year-old son to Paris to enable him to learn the facts of life as painlessly as possible is not quite as versatile as the Guinness in "Kind Hearts and Coronets," as slick as in "The Promoter," or as devilish as the Guinness in "The Captain's Paradise," but it's still good Guinness, even though it comes out of a can instead of a bottle. (We'll be more than happy to explain this pun to anyone who finds it a bit obscure.)

The son has similar aims in regard to his father. Being afraid their birthdays this past week.

PLENTY OF PLAYERS, NO MOOLAH

A Daly City Merchants hardball nine is being proposed for entry in the San Mateo county recreation department league.

There are plenty of players and enthusiasm. The only thing missing is money.

Lou Martin, instigator of the team along with Ralph Torigan of Ralph Cleaners, who will carry most of the sponsorship load, have made an appeal for local merchants to back the team.

The club will play seven games on successive Sundays. Frank Ingersoll, who coached the same group of boys into the San Mateo county summer league crown last year, will return to coach the merchants.

Daly City would benefit by the good publicity, as would the individual merchants sponsoring the team.

It seems summer baseball always reverts back to the same old problem—lack of sponsors. Daly City has had a few sports "angels" such as Torigan, Joe Sarto and three or four other merchants who have always come to the rescue.

ONCE HE'S TABBED AS A SPONSOR—LOOK OUT!

The trouble is, once a merchant is tabbed as the "sponsor" type, he winds up shelling out money for basketball, bowling, baseball and what-have-you teams 365 days out of the year. We've checked and believe us, it costs dough. Every time you outfit a team with uniforms that's at least \$300 that won't go into the business kitty.

These faithful sponsors like to help promote sports, but a good thing can be overdone.

Were more merchants to join the sports band wagon, costs would be only nominal.

Down in Linda Mar and Sharp Park the businessmen join to sponsor the Coastside Merchants ball club. In Westlake the shop owners back a Westlake Merchants ball team.

If five or ten Daly City merchants would join in sponsorship of a team representing their area, costs would be about \$10 or \$20 each.

Players already signed for the team include: Ed Leveroni, p; Jim Honeywell, p; Bill Strassburger, c; Paul Tapia, 1b; Ino Patron, 2b; Le Roy Franvoia, 3b; Mike Wedlake, ss; Delmar Scott, Bob Grubb and Ron Cryer, fielders.

All they're waiting for is the sponsors. Contact the recreation department, Martin or Torigan if you're interested.

PACK 241 TEAMS IN DOUBLE TRIUMPH

The "A" team of Cub Pack 241 won its fourth straight game Saturday when they defeated Pack 86, 27-9. The game was highlighted by a "grand slam" home run by Jim Henderson and four hits in five times at bat by Bob Olson.

The players included: Clark, c; John Bennett, 3b; Bob Olson, 1b; Ken Adelson, 1b; Jim Henderson, rf; Ed Perry, 2b; Lloyd Thompson, p; Dave Garrison, ss; Jim Enelson, ss; Pat Desmond, cf; Robert Sikora, rf.

The newly organized "B" team of Pack 241 started off with a bang by winning over Pack 86, 23-9, in four innings. The players were: L. Botti and C. Craner, ss; R. Scott and K. Files, cf; G. Walters and D. Wagner, 2b; B. Gardner and D. Fletcher, p; T. Gordon and B. Thompson, 1b; J. Klepper and G. Gardner, 3b; L. Thompson and R. Garlick, c; J. Teague and K. Gates, lf; Decampes, c; and J. Quant, rf.

Linhares Qualifies For Public Links Golf Tournament

Daly City police officer Arthur Linhares, stymied in the USGA open golf play, came back strong over the weekend to gain a berth in the national Public Links qualifying at Sharp and Harding Parks.

Linhares qualified in a tie for third with rounds of 71-77 and a 148 total, making him eligible for the national Public Links tournament at Indianapolis July 9. Six other golfers will represent San Francisco as a result of the weekend qualifying. They are Jack Cummings, Paul Popovic, Fred Corvi, Ovid Seyler and Bob Daniel.

Linhares and Daly City's Bob Silvestri, former state amateur champ, both fell short of qualifying for the final round in the Open play last week.

Cub Pack No. 241 Tours Destroyer Escort

Boys in cub pack 241, Holy Angels church, toured the U.S.S. Grady, a destroyer escort, at Treasure Island Sunday.

Following the tour, the 19 cubs enjoyed a chuck wagon dinner at the chief petty officers club. The boys were escorted by Chief Petty Officer George Reeves of Daly City who is a pack committee member.

Broadmoor, Westlake Win In Sunday Games

Dick Geno, pitching two-hit ball for his first time on the mound, paced Broadmoor Indians to a 2-0 shutout over Johnny Shell Juniors Sunday in the SF Middle Softball league.

Sensational Geno struck out 12 batters and drove in the winning run with a whizzing single.

In "A" league play Sunday, Westlake Merchants bombarded Del Monte Meat for eight hits and an 8-3 victory, as Lowell Creighton and Don Henson combined pitching duties to allow the meatmen only four safeties.

Ray Brown and Larry Montarosa led Westlake hitting with two each.

DALY CITY SOFTBALL ENTERS FIFTH WEEK

The Daly City Recreation Department's Adult Softball League went into the fifth week of play as the Broadmoor Police walloped the OLPH Men's Club by the lopsided score of 31 to 0 in the first game of Monday evening's double header. Winning Police pitcher Gonzales handcuffed the opposition while his team mates had a field day at the plate. The loss was the fourth in a row for OLPH. Bud Lyett and third baseman Eddie Coleman looked good for the losers.

In the second game of Monday's double header Ralph's Cleaners knocked the Colma Fire department from the undefeated ranks by a score of 15 to 5. The Cleaners, who have lost only one game, looked sharp in winning this contest. Mike Orlich's slow stuff baffled the losers while Eddie Kenna, Ralph's first baseman, banged out four hits, including two home runs.

On Tuesday evening, Lagomarsino Realty continued their undefeated streak by downing a strong Eagle club, 8 to 4.

The Daly City Fire department from the ranks of the unbeaten, 20 to 5, in the second game of Tuesday evening's double header.

DC DRUGS MUST FORFEIT WIN AS PLAYER INELIGIBLE

Daly City Drug's recent win over Lagomarsino Realty in the Daly City Adult Softball league has been reversed by the league's protest board on the grounds that DC Drug used an ineligible player.

According to Ed Mosconi, recreation department protest board spokesman, the Drug team used Del Underwood, a former pitcher in Class B San Francisco play, on their team. Under league rules no team may allow a player to pitch who has pitched in San Francisco Class A or B leagues.

The protest board also said that Daly City Drug may have to forfeit all of their games played in which Underwood was ineligible.

A final ruling awaits opinion of all managers in the league, Mosconi said.
